

# SmartJax™ Adjustable Magnetic Support Stand for Wetcast Pallets

Pallets play a crucial role in precast concrete product manufacturing. They are the base for concrete forms and provide a stable and level platform for casting. For this reason, it is extremely important that pallets are well-supported to mitigate safety risks and

maintain product integrity. Despite the importance of well-supported pallets, many producers have traditionally relied upon on homemade methods or multi-step processes that can be unreliable and labor intensive. **Until now!**

## Introducing SmartJax™ \*

### A revolutionary way to firmly stool up pallets inside concrete forms

Our **patent-pending SmartJax™** adjustable support stand offers many advantages over existing pallet support systems:

**Simply Genius!** - you will love the speed and convenience of having a single unit to support and secure your pallet. Stand and magnets all-in-one.

**Safe** - say goodbye to the splintering and unreliability of using wood pieces, PVC or hollow core concrete traditionally used as supports.

**Strong** - our stand is built to last with heavy steel fabricated weldment.

**Speedy** - multiple hole locations in the support tube make pin-facilitated height adjustment quick and easy.

### Product Highlights

- 8000 pound capacity\*\*
- 12" overall height with adjustment up to 18" tall in 1" increments – making it simple to size to your requirements
- 1000 pound on/off button base magnet for attachment to form sub-base
- Interchangeable leg tube heights

SJL 2 LEG    SJL 3 LEG    SJL 4 LEG    SJL 5 LEG    SJL 6 LEG    SJL 7 LEG

Top plate cap bracket

- SJL 2 23 ½" tall leg (adjusts from 24" to 30")
- SJL 3 35 ½" tall leg (adjusts from 36" to 42")
- SJL 4 47 ½" tall leg (adjusts from 48" to 54")
- SJL 5 59 ½" tall leg (adjusts from 60" to 66")
- SJL 6 71 ½" tall leg (adjusts from 72" to 78")
- SJL 7 83 ½" tall leg (adjusts from 84" to 90")

**SmartJax™** features a top plate cap bracket and bottom magnetic base support stand with varying height tube legs.

Bottom magnetic base support stand

\*Patent-pending

\*\*Depending on pallet design, a minimum of 3 to 4 SmartJax™ (or more) are to be used at all times to support a flat pallet, pallet support stool, joint forming pallet or any combination along with the concrete load.

# SmartJax™

Intelligent Design to Improve Your Production Process

## Adjustable Magnetic Support Stand

7 different size adjustments from 12" to 90" height

## Perfect for Wetcast Manhole Forms and Boxes

SmartJax can be used with any form where the pallet needs to be stooped up!
