---------------------------------	--

8. Exposure Control/ Personal Protection:	Exposure Limits: Bitumen Fumes – 5mg/m ³ 8hr TWA Oil Fumes – 5mg/m ³ 8hr TWA Respiratory Protection: Ensure adequate ventilation when applying heated tape Skin Protection: Heat resistant gloves necessary when applying heated product. To remove product from skin wash with soap and water or use proprietary skin cleaner. Eye/Face Protection: As required to avoid contact with hot bituminous product.
--	--

9. Physical and Chemical Properties:	Appearance: Mastic Strip Odour: Bituminous Specific Gravity: % Volatile: Nil Flash Point: Not applicable	Explosion Limits: Not applicable Colour: Black Softening Point: 105°C approx. (standard) 125°C approx (tropical) Solubility in Water: Nil Boiling Point: Not applicable
---	---	---

10. Stability and Reactivity:	Conditions to Avoid: In store, heat and open flame Materials to Avoid: Not applicable Hazardous Decomposition Products: In a fire, black smoke, oxides of carbon
--------------------------------------	---

11. Toxicological Information:	Prolonged and repeated contact with skin may cause irritation
---------------------------------------	---

12. Ecological Information:	None available
------------------------------------	----------------

13. Disposal Considerations: Incineration or landfill in accordance with local regulations.

14. Transport Information:

Special Precautions in Carriage:	None
Main Risk:	None
Subsidiary Risk:	None
Classification Date:	23/10/02
UN NO.	None
Packing Group:	None
Other:	None

15. Regulatory Information: Label Information: No supply labelling required under The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009

16. Other Information:

Uses: Butyl Sealant

This data contained in this Data Safety Sheet has been supplied as required by the **Chemical (Hazard Identification and Packaging) Regulations 2009**, as amended, for the purpose of protecting the health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided.

Please ensure that it is passed to the appropriate person(s) in your company, who are capable of acting on the information.

This information is given in good faith, being based on the latest knowledge available to Caswick Ltd. No known relevant information has been omitted from the Material Safety Data Sheet and the information provided is designed to enable the user to use the product safely.

The user should not assume on the basis of the information provided in this sheet that the product is suitable for any abnormal use.

If the information provided is insufficient to ensure safety in any particular application, contact Caswick Ltd for further advice before the proposed application is undertaken.
